

SOME MEMBERS OF THE YAKOKO CHURCH OF CHRIST

Hello My Beloved Brethren, and a fellow worker in the Lord, I write this to say a very big thank you to you the Elders, Deacons and all members of the Jersey Village Church of Christ who have been supporting us with Bibles for our needy members and World Bible School Students. These members will be forever grateful for the great sacrifice you've made for us.

I would like you and the entire Jersey Village Church to Thank the Lord for me; the Lord Almighty has been very gracious to me in my Rural Mission work. Since August, 2012, I have been traveling almost 4 hours every Sunday to preach to the Yakoko Church, I have no personal car, so I travel by public transport. I made an appeal to the Church last year to support me to purchase a small mini bus for my rural mission work; I am still counting on you for assistance,

Our rural Churches are dying due to total neglect by the big City Congregations. I think the time has come for us to leave the cities and go help them grow both spiritually and physically. The question is; who will go? I will commend the leadership of Jersey Village Church of

Christ for your support so far towards my World Bible School program and my rural mission work,

I have resolved to use the rest of my life and my time to help grow the Churches in some of these rural areas and all I need is your Prayers and Financial support.

The Church in Yakoko is seeing a tremendous growth in membership after being with them for almost 8 months. When I first joined them in August 2012, there were only 12 active members. But now, our attendance as at 26<sup>th</sup> May, 2013 was 42. All this growth has been made possible first by God and secondly, through the efforts of Churches like you who supported us during our Evangelism Campaign programs last year 2012.

Beloved, as the Church is experiencing growth in membership now, there is the need for us to put up our own meeting place. In this regard, I have started seeking for support from both home and abroad and as usual, I urgently look up to you for support. We have other pressing needs including the following;

**Urgent needs**

1. We have only one tray for serving Lord's Supper and we need another one to make it two
2. Mega Phones for dawn Preaching.
3. Religious materials for both Adults and Children
4. Plastic Chairs for members to sit on At the moment we worship in a school Classroom and sit on the Children Chairs

Please, kindly support me with \$350 to purchase the above for the Church. There are so many need in our rural Churches Nothing is too small.

Please, these are real needs, therefore we would appreciate it if you come to our aid. The Great Apostle Paul said I planted, Apollo's watered and God give the increase.

Let us all be like Brother Paul. God bless you.

Hope to hear from you soon.

Francis Kojo Agyare

World Bible School Co-coordinator/ Rural Missions
